**A VISIT TO THE CASTELVECCHIO ESTATE IS  
LIKE TAKING A JOURNEY BACK IN TIME**

Owned by the Terraneo family, the **Castelvecchio wine estate** is located in the Karst region. This is an area steeped in history, a place where past, present and future come together and everything becomes vividly alive.

Alive is the vineyard that yields wines exalting the typical character of the **Karst terroir**, such as Malvasia and Terrano, alive is the park in the shade of ancient trees, dedicated to the great poet Giuseppe Ungaretti, and alive is the 18<sup>th</sup> century villa with its frescoes and vestiges of the past.

Our tour continues in nearby Trieste, where a stop at the **Antica Tostatura Triestina** is a must. Hosted by owner Alessandro Hausbrandt, a visit to this iconic roasting company is an immersive experience and journey into the history and art of coffee.
